SCHU'S NEWS

Dave Schumann, Director
Service, Parts, and Warranty Administration

Welcome back from the Holidays. I hope everyone enjoyed them and are now in their favorite location for the winter.

Now is also the time to start thinking about the spring and a time to visit the many RV shows and the variety of new Airstream products.

This past December Airstream displayed its line up of motorhomes and trailers at the 42nd Annual National RV and Trade show at the Kentucky Fair and Exposition Center. Dealers visited Airstream's display from the United States as well as many foreign countries and their response to our products was fantastic.

Airstream presented a variety of new products to Airstream's dealers. Airstream's array of products (3 Safari, 1 Classic, 1 International, 1 Land Yacht 30' gas, 1A-37' diesel, 1 Interstate, 1 Westfalia and the "Airstream One" concept trailer) were among the most exciting Airstream has ever offered.

New Products Displayed

- **The Land Yacht A-37 Diesel**
  A 37 foot motorhome on a Freightliner chassis with a Caterpillar 350 Engine
  Comes with a triple slide floor plan and a complete interior redesign–Bus-Conversion Style and Construction.
  Hydro Hot Diesel heating system, all electric (no LP used in motorhome) 12kw Powertec Generator, 3100 watt inverter–50 Amp energy management system.
  23 cu.ft residential style refrigerator, 26 & 21" LCD TV'S, flush mount dual pane awning style windows were some of its features.

- **An Interstate Van**- with a Mid-Bath rear bedroom floor plan. The van has towing capacity of 5000# and fuel economy rating of 22 mpg. It features cherry laminate and four exterior paint schemes.

- **25' FB Safari**- front bedroom trailer with rear main door. Cool layout with booth dinette in the rear of trailer. Center bath floor plan with curbside galley and roadside lounge.

- **Special Edition 25' C' Safari**- with an International upgrade package (aluminum interior and classic trailer style windows), standard Safari furniture and featured our Midnight Sun Interior.

- **Airstream One**—A "wired" concept trailer demonstrating Airstream's commitment to leading- edge technologies. The 28' CCD-based trailer featured three televisions in a multi-room DVD home theater, wireless networked laptop computing, wireless remote accessed cameras, cellular Internet access, and

continued

even a Sony Playstation. Even the windows are electronic, turning from clear to opaque at the flip of the switch.

To see some of Airstream's exciting products please consider visiting some of these February RV shows.

Did you know?

"Airstream One" concept trailer as well as one of our 390 Series diesel motorhomes was used at this years Inauguration in Washington D.C.

Tail Light,
"How long have you been driving without a tail light?" asked the policeman after pulling over a motorist.
The driver jumped out, ran to the rear of his car and gave a long, painful groan.
He seemed so upset that the cop was moved to ease up on him a bit. "Come on now," he said, "You don't have to take it so hard. It isn't that serious."
"It isn't?" cried the motorist. "Then you must know what happened to my boat and trailer?"

Have a good month and I'll see you on down the road!
