 - d. When two or more national flags are to be flown or displayed together, such flags should be of approximately the same dimensions and flown or displayed at the same height on separate staffs. (1/17/97)
 - e. International flag protocol requires that the host country's flag be flown in the host country's position of honor. When in another country, the national flag of your country should not be the only national flag you fly or display. When you do not have the national flag of the country you are visiting, do not fly or display the national flag of your country. In the latter circumstances, you may fly or display the flag of your state or province and your flag of office, if any, or an International Board of Trustees approved Unit or Intra-club flag. (6/27/05)

- f. International flag protocol requires that the host country's flag be flown in the host country's position of honor. (see Appendix #12) When three flags are to be flown or displayed the position of honor for the national flag of Canada is the center staff and when more than three flags are to be flown or displayed the position of honor for the national flag of Canada is the left staff. When two or more flags are to be flown or displayed each flag is to be on a separate staff and all flown or displayed at the same height. (see Appendix #12) (1/17/97)

The United States of America's Pledge of Allegiance may be omitted at all Club authorized activities held outside the United States. (1/14/05)
